## WORK HISTORY

**Web Developer** | Senior capstone "Fit Center" - Seattle, WA *01/2023 - 06/2023*

- In team of 4 developers we created a full functioning webpage for our client that owned a local gym in Spokane WA. The websites featured included
- A membership status check in
- Showing the current plan each member had
- And if they owed money to the gym owner

**Web developer** | Polyclinic - Renton, WA *01/2022 - 03/2022*

- Worked in a scrum team of 3 developers to create a website for a client that wanted medical facility database information
- In an easy to view layout for hospital staff to work with
- Built the website using HTML, CSS, and JavaScript
- With a backend using PHP connected to a MySQL database.

## EDUCATION

**Web development, Agile Software Development, Technical Writing, Object Oriented Programming**

Green River College - Seattle

*06/2023*

**Bachelor of Applied Science:** Software Development
