WORK HISTORY

Scrum master | "Fit Center" - Seattle, WA   *01/2023 - 06/2023*

- In a team of 4 developers, we created a web application for our client that owned a local gym in Spokane WA.
- I had a non-technical role as the scrum master checking in with the development team's status and making sure we didn't overload our backlog

Web developer | Polyclinic web developer – Auburn, WA   *01/2022 - 03/2022*

- Developed a website for a client that needed medical facility database information. In a group of 3 software developers
- Needed an easy to view layout for hospital staff to work with
- Built the website using HTML, CSS, and JavaScript
- With a backend using PHP connected to a MySQL database.
